## USGS Professional Paper 1651 (2007)

Integrated Investigations of Environmental Effects of Historical Mining in the Animas River Watershed, San Juan County, Colorado

Edited by S.E. Church, P. von Guerard, and S.E. Finger, 2007, U.S. Geological Survey Professional Paper 1651, 1096 p., 6 plates, 1 DVD (Digital Versatile Disc). Available online at <http://pubs.usgs.gov/pp/1651/>.

### List of Chapters

U.S. Geological Survey, 2007, Summary and conclusions from investigation of the effects of historical mining in the Animas River watershed, San Juan County, Colorado, Chapter A *in* U.S. Geological Survey Professional Paper 1651, p. 1-16.

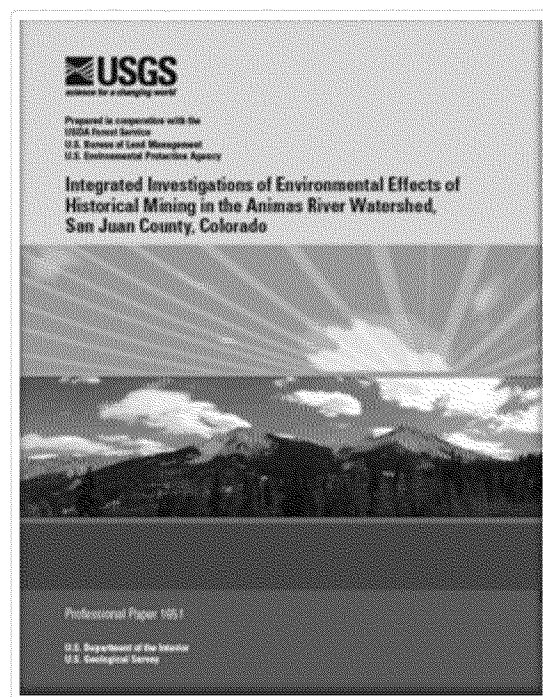

von Guerard, P., Church, S.E., Yager, D.B., and Besser, J.M., 2007, The Animas River watershed, San Juan County, Colorado, Chapter B *in* U.S. Geological Survey Professional Paper 1651, p. 17-38.

Jones, W.R., 2007, History of mining and milling practices and production in San Juan County, Colorado, 1871-1991, Chapter C *in* U.S. Geological Survey Professional Paper 1651, p. 39-86.

Besser, J.M., Finger, S.E., and Church, S.E., 2007, Impacts of historical mining on aquatic ecosystems—An ecological risk assessment, Chapter D *in* U.S. Geological Survey Professional Paper 1651, p. 87-106.

Yager, D.B., and Bove, D.J., 2007, Geologic framework, Chapter E1 *in* U.S. Geological Survey Professional Paper 1651, p. 107-140.

Dalton, J.B., Bove, D.J., Mladinich, C.S., and Rockwell, B.W., 2007, Imaging spectroscopy applied to the Animas River watershed and Silverton caldera, Chapter E2 *in* U.S. Geological Survey Professional Paper 1651, p. 141-159.

- Bove, D.J., Mast, M.A., Dalton, J.B., Wright, W.G., and Yager, D.B., 2007, Major styles of mineralization and hydrothermal alteration and related solid- and aqueous-phase geochemical signatures, Chapter E3 *in* U.S. Geological Survey Professional Paper 1651, p. 161-230.
- Smith, B.D., McDougal, R.R., Deszcz-Pan, M., and Yager, D.B., 2007, Helicopter electromagnetic and magnetic surveys, Chapter E4 *in* U.S. Geological Survey Professional Paper 1651, p. 231-254.
- Church, S.E., Mast, M.A., Martin, E.P., and Rich, C.L., 2007, Mine inventory and compilation of mine-adit chemistry data, Chapter E5 *in* U.S. Geological Survey Professional Paper 1651, p. 255-310.
- Nash, J.T., and Fey, D.L., 2007, Mine adits, mine-waste dumps, and mill tailings as sources of contamination, Chapter E6 *in* U.S. Geological Survey Professional Paper 1651, p. 311-345.
- Mast, M.A., Verplanck, P.L., Wright, W.G., and Bove, D.J., 2007, Characterization of background water quality, Chapter E7 *in* U.S. Geological Survey Professional Paper 1651, p. 347-386.
- Nordstrom, D.K., Wright, W.G., Mast, M.A., Bove, D.J., and Rye, R.O., 2007, Aqueous-sulfate stable isotopes—A study of mining-affected and undisturbed acidic drainage, Chapter E8 *in* U.S. Geological Survey Professional Paper 1651, p. 387-416.
- Kimball, B.A., Walton-Day, and Runkel, R.L., 2007, Quantification of metal loading by tracer injection and synoptic sampling, 1996–2000, Chapter E9 *in* U.S. Geological Survey Professional Paper 1651, p. 417-495.
- Wright, W.G., Simon, W., Bove, D.J., Mast, M.A., and Leib, K.J., 2007, Distribution of pH values and dissolved trace-metal concentrations in streams, Chapter E10 *in* U.S. Geological Survey Professional Paper 1651, p. 497-541.
- Leib, K.J., Mast, M.A., and Wright, W.G., 2007, Characterization of mainstem streams using water-quality profiles, Chapter E11 *in* U.S. Geological Survey Professional Paper 1651, p. 543-570.
- Church, S.E., Fey, D.L., and Unruh, D.M., 2007, Trace elements and lead isotopes in modern streambed and terrace sediment—Determination of current and premining geochemical baselines, Chapter E12 *in* U.S. Geological Survey Professional Paper 1651, p. 571-642.
- McDougal, R.R., McCafferty, A.E., Smith, B.D., and Yager, D.B., 2007, Topographic, geophysical, and mineralogical characterization of geologic structures using a statistical modeling approach , Chapter E13 *in* U.S. Geological Survey Professional Paper 1651, p. 643-687.
- Stanton, M.R., Yager, D.B., Fey D.L., and Wright, W.G., 2007, Formation and geochemical significance of iron bog deposits, Chapter E14 *in* U.S. Geological Survey Professional Paper 1651, p. 689-720.
- Verplanck, P.L., Yager, D.B., Church, S.E., and Stanton, M.R., 2007, Ferricrete classification, morphology, distribution, and carbon-14 age constraints, Chapter E15 *in* U.S. Geological Survey Professional Paper 1651, p. 721-744.
- Vincent, K.R., Church, S.E., and Wirt, L., 2007, Geomorphology of Cement Creek and its relation to ferricrete deposits, Chapter E16 *in* U.S. Geological Survey Professional Paper 1651, p. 745-773.
- Wirt, L., Vincent, K.R., Verplanck, P.L., Yager, D.B., Church, S.E., and Fey, D.L., 2007, Geochemical and hydrologic processes controlling formation of ferricrete, Chapter E17 *in* U.S. Geological Survey Professional Paper 1651, p. 775-822.
- Besser, J.M., and Brumbaugh, W.G., 2007, Status of stream biotic communities in relation to metal exposure, Chapter E18 *in* U.S. Geological Survey Professional Paper 1651, p. 823-835.

Chapter E19 *in* U.S. Geological Survey Professional Paper 1651, p. 837-849.

Anderson, C.R., 2007, Effects of mining on benthic macroinvertebrate communities and monitoring strategy, Chapter E20 *in* U.S. Geological Survey Professional Paper 1651, p. 851-872.

Milhous, R.T., 2007, Application of physical habitat simulation in the evaluation of physical habitat suitability, Chapter E21 *in* U.S. Geological Survey Professional Paper 1651, p. 873-888.

Vincent, K.R., and Elliott, J.G., 2007, Response of the upper Animas River downstream from Eureka to discharge of mill tailings, Chapter E22 *in* U.S. Geological Survey Professional Paper 1651, p. 889-941.

Wright, W.G., Kimball, B.A., and Runkel, R.L., 2007, Effects of the May Day mine site on stream-water quality in the Cement Creek basin, August 2000, Chapter E23 *in* U.S. Geological Survey Professional Paper 1651, p. 943-972.

Walton-Day, K., Paschke, S.S., Runkel, R.L. and Kimball, B.A., 2007, Using the OTIS (One-dimensional Transport with Inflow and Storage) solute-transport model to evaluate remediation scenarios in Cement Creek and the upper Animas River, Chapter E24 *in* U.S. Geological Survey Professional Paper 1651, p. 973-1028.

Stanton, M.R., Fey, D.L., Church, S.E., and Holmes, C.W., 2007, Processes affecting the geochemical composition of wetland sediment, Chapter E25 *in* U.S. Geological Survey Professional Paper 1651, p. 1029-1064.

Finger, S.E., Church, S.E., and von Guerard, P., 2007, Potential for successful ecological restoration, remediation, and monitoring, Chapter F *in* U.S. Geological Survey Professional Paper 1651, p. 1065-1078.

Sole, T.C., Granitto, M., Rich, C.L., Litke, D.W., and Pelltier, R.T., 2007, Digital databases and CD-ROM (compact disc) for the Animas River watershed, Chapter G *in* U.S. Geological Survey Professional Paper 1651, p. 1079-1096.

## List of Plates

Plate 1. Generalized geologic map of part of the Animas River watershed and vicinity, Silverton, Colorado. Compiled by D.B. Yager and D.J. Bove, Chapter E1.

Plate 2. Ferricrete, manganocrete, and bog iron occurrences with selected sedge bogs and active iron bogs and springs in part of the Animas River watershed, San Juan County, Colorado, By D.B. Yager, S.E. Church, P.L. Verplanck, and Laurie Wirt, Chapter E1.

Plate 3. Total-field magnetic map of the Animas River watershed study area, Colorado, Compiled by B.D. Smith, R.R. McDougal, Maryla Deszcz-Pan, and D.B. Yager, Chapter E4.

Plate 4. Apparent conductivity map of the Animas River watershed study area, Colorado, Compiled by B.D. Smith, R.R. McDougal, Maryla Deszcz-Pan, and D.B. Yager, Chapter E4.

Plate 5. Surficial geologic deposits along Cement Creek, upstream of Silverton, Colorado, by K. R. Vincent, S.E. Church, and Laurie Wirt, Chapter E16.

Plate 6. Stratigraphy of late Holocene channel and flood-plain deposits exposed in a trench excavated across the Animas River valley floor 1.4 kilometers downstream of the Eureka townsite, San Juan County, Colorado, by K.R. Vincent and J.G. Elliott, Chapter E22.
